Describe consumer outreach efforts in the past 12 months: DOCOMO's compliant handset models are publicly identified for consumers and audiologists. Compliant models are listed on DOCOMO's web site. DOCOMO trains its retail salespeople regarding which digital wireless phones are compliant. Compliant HAC phones are identified at the point of sale in retail locations on the merchandising call out cards. Consumers are given a 30-day trial period within which to try out digital wireless phones to determine whether they will work properly with their hearing aids. Flexible return policies are made known to consumers seeking to obtain compliant phones.
